

## Fleurie Clos des Quatre Vents

### ***History and terroir :***

Clos des Quatre Vents covers 12 hectares. The vines surround the lovely building, hidden by a windbreak of pines. The clos is part of the property of Doctor DARROZE, and is exemplary for its magnificent exposure and granite “terroir”. Georges DUBOEUF has been buying the entire production for over 30 years.

### ***Tasting :***

An intense, brilliant garnet colour and intense, jammy, dark berry aromas with a hint of spice (pepper). A surprising Fleurie for its very fine, elegant tannin structure. A noble, racy, persistent wine. of excellent origin, this Fleurie is sure to age well. We recommend to taste this wine at 16-17°C.
