

## Georges Duboeuf Juliéas Prestige

### ***History and terroir:***

Our "Prestige" vintages are some of the best of this appellation. These wines are produced by motivated, competent winemakers, committed to maintaining their terroir. The Julienas wine-making mission goes back more than 2000 years for the Beaujolais region, the starting point of wine culture.

### ***Tasting:***

A dark garnet color. Ripe black fruits like preserves with peppery notes and more discretely of soft spices mixed with mocha scents in the nose. Strong and warm in the mouth, as well as complex and aromatic. Let air one hour before serving. Can be kept up to 10 years. We recommend tasting at 15-16 °C.
