

Juliéna Domaine de la Seigneurie

History and terroir :

The 35 hectares of vines are situated around the Château and enjoy an excellent South-South-East exposure. The CONDEMINÉ family has been in Juliéna since around 1800 and bought this fine Estate in 1908. The property is currently run by Thierry CONDEMINÉ.

A rarity in the Beaujolais: 200 metres of beautiful vaulted cellars are located under the château.

Tasting :

This Juliéna has a deep garnet colour and reveals rich red berry aromas. A powerful, structured wine, delightfully fruity with real finesse and texture. We recommend to taste this wine at 14-15 °C.
