

Moulin-à-Vent Domaine des Rosiers

History and terroir :

Gérard CHARVET is passionate about his vines and his wine. His family has lived in Chénas for over a century and has turned him into a meticulous winegrower. He keeps his wines in a combination of stainless steel vats and oak barrels and gets the best from both. Georges DUBOEUF has been buying his entire production since 1976.

Tasting :

A garnet colour with purplish tints. This wine is characterised by intense dark berry aromas (blackcurrants, blackberries) with floral scents of peonies, complemented by notes of spice. Its tannins have great finesse, giving the wine power and elegance. Superb length. We recommend to taste this wine at 14-15 °C.
